

# '10 CORWITH REUNION

THE LEGO KIDS ARE BACK

## July 23rd-25th. Make your reservations NOW!

We have been hard at work outlining dates, location, potential activities and accommodations.

The date for our 2010 reunion is set for Friday-Sunday, July 23-25th. The location is the central coast of California in the quaint western and informal town of [San Luis Obispo](#). The

current plan is to have a Friday evening informal gathering followed by outdoor activities all day on Saturday, a great meal on Saturday evening and finally a good-bye brunch on Sunday morning. Many people have already suggested they may arrive early or stay late to explore the region and spend extra

time catching up. We are looking forward to a successful west coast reunion. Please spend a few minutes reading the Accommodations article that follows, your action is required.

We've also put together an outline of stuff to do while visiting the Central Coast.

## Find Housing that works for you!

In the Housing Options table to the left we've identified several options to fit any budget or special needs. The names of each hotel in the list are hyperlinks that connect to each of the accommodations. Using these links you'll get the best rates. If you'd prefer to make your reservations over the phone we've provided phone numbers for that too.

We plan to use La Cuesta Hotel as a 'home base' of operations. It's gonna be the center of activity. If you want to do the most family catching up you'll want to stay here. We've negotiated a special deals with two hotels. Click the link to see the details, but the first 10 reservations at La Cuesta will get a

FREE third nights' stay! Special rates will also apply to the 11th reservation, but the first responders will get the best value. [Click this link for instructions](#). We've also negotiated a block of rooms at the [Embassy Suites](#) (across town). A room with two queen beds is \$194, a single king is \$174. Use the link above to reserve a room.

The Madonna Inn is only 5 minutes away and is highly recommended for anyone wanting more upscale accommodations. Starting at \$195/night it's a bargain.

In downtown is a quaint B&B the Garden St. Inn. It's walking distance to everything in town, has an outstanding staff and a great sit down breakfast.

You'll be sure to find the Fraas family at the Marriott Courtyard. Located near the south end of town.

The Best Western San Luis Obispo has room rates starting at about \$90/night. About a 10 minute drive from San Luis Obispo is Avila and Pismo Beach. The Pickering's and Staehle's will be renting a home in Avila Beach and expect lots of visitors. The State Park just down the road allows overnight camping!

Feel free to work with the hotel of your choice to negotiate the best rate you can using a AAA, senior, Costco, Marriott Rewards or other discount you might have available.

After you've made your reservations fill out the form on the last page of this newsletter and click the submit button. That will let us know where you'll be staying with your anticipated arrival/ departure dates. We'll build a list so everyone will know how to find each other!

## Central Coast Activities

Listed on the right are just a few of the things you might want to do while on the Central Coast of California. In addition to these sight seeing opportunities there is a plethora of outdoor activities. Just to name a few: Golf, Tennis, Biking, Hiking, Surfing, Kayaking, Fishing.

For those arriving early the Thursday evening Farmers Market is one of the worlds best outdoor markets. Wine tasting is also a great way to spend a lazy afternoon on the Central Coast.

Not to be overlooked just north of downtown is the Cal Poly San Luis Obispo campus. The campus really makes SLO a college town. Like most college town it's a very informal, casual and reasonably priced community.

In our next newsletter we plan to have a schedule of events and organized activities to participate in.

## BIG SUR

THE MAJESTIC COAST LINE JUST NORTH OF SAN LUIS OBISPO IS LIKE NO OTHER IN THE WORLD. IF YOU HAVE NEVER DRIVEN THE COAST LINE SOUTH OF MONTEREY AND NORTH OF SAN SIMEON - IT'S A MUST DO.
